

The World of Friends

Tell how you can be a good friend. Use:

- Puppets
- Role playing
- Your choice

Suggestions for Parents or Leaders

To make friends, children can be taught to:

- 1.** Remember that every person is special and important.
- 2.** Be friendly—let others know that you care about them.
- 3.** Be interested—listen to people. Invite them to do things with you.
- 4.** Be independent—find things you enjoy doing on your own.
- 5.** Trust God to help you find the right friends.

To help children learn to keep friends, encourage children to:

- 1.** Take turns and share. (Don't always insist on having your own way.)
- 2.** Encourage and praise your friend whenever you can.
- 3.** Don't nag or argue—tell your feelings and listen to your friend's feelings.
- 4.** Do nice things for your friend.
- 5.** Be willing to share your friend with other kids.

To act out the principles for being a good friend, children may:

- make their own puppets (from paper bags or sticks and cut-out pictures)
- use simple store-bought puppets
- plan small role plays or skits
